BBC WONDER PROJECT "ANOTHER WORLD" BY STRANGFORD COLLEGE STUDENTS

Drama Task - Lewis Jueno 9S

The fire works are loud, it is still bright. The sound of clapping and cheering is in the air.

It's 8pm on a Thursday evening, this is a weekly event for the whole community, in fact the whole world.

Bob is a doctor at the Ulster Hospital. He's living in a small flat as he cannot be near his family in case of infection.

Bob has finished his shift and is standing on the doorstep of the flat, listening to all the supporters in the local neighbourhood. He looks over at a window and sees a sign "Not all heroes wear capes!" and a tear rolls down his cheek. He lifts the phone to face time his children. They clap and cheer in support of him and his colleagues. They share their tales of their fun-filled day at home. Bob tells them how he's helping save lives. He misses them dearly. When will this pandemic end?.....

PRINCIPAL'S MESSAGE

Dear parents and students,

This week we say a fond farewell to our Year 14 students who are looking forward to the next stage in their academic lives. We also give our Year 12 students a warm send off this week and we hope that many of them will return to the College for Sixth Form in September.

This time of year is bitter sweet for the teachers as we celebrate all the students' accomplishments but know that we will miss them dearly. We are proud of you all and everything you have achieved during your time with us.

This Friday, 8th May is the anniversary of VE Day which marks the commemoration of the end of World War 2 in Europe 75 years ago. On behalf of all the staff at the College, I wish you and your family every best wish for a restful Bank Holiday weekend.

Take care and stay safe.

Mrs Clare Foster
