2020 VISION CHALLENGE

Students were invited to think about the vision for the future of Strangford college and use the theme of 2020 vision to write a poem or story, draw a picture, create a movie, record a song, design a poster, bake a cake etc. Gracie Mathison from Year 9 has produced this fantastic poster for the 2020 challenge.

Why don't you get involved? It is up to you to decide what to do. You can get your family to help you or a group of students can work together online and submit a joint entry.

PRINCIPAL'S MESSAGE

Dear students and parents,
We've all been very busy behind the scenes at Strangford College this week, working hard to facilitate online learning for you and getting our reports ready for the end of term for Years 8, 9, 11 and 13.

Parents, if you have not already signed up for SIMS Parent App, I would encourage you to contact the College office and we will arrange this for you. The Parent App is the safest and most efficient way to distribute reports in the current lockdown.

It has been a pleasure to see all the work our students have been submitting and I must give a special mention to Gracie Mathison in Year 9 for her piece on integrated education. There have been stories, poems and art work galore shared with me and I'm so proud of the courage and resilience our students are showing at this challenging time in continuing with their learning.

This week we have launched the online process to appoint our new Sixth Form Leadership Team for next year and I'm personally looking forward to seeing what the young people in Year 13 produce to support their applications. This year's process will be different but it will be every bit as rigorous and I know our Year 13 applicants will rise to the challenge. It will be a great day for the College community when I announce our new Head Boy, Head Girl and their Deputies for 2020/2021.

Best wishes to you all!

Mrs C Foster

ROCKET DESIGN: Y8 TECHNOLOGY

RAINBOW POETRY: FRENCH

Mon arc en ciel c'est rouge comme feu flamboyant
orange comme citrouille d'Halloween
jaune comme soleil de plomb
vert comme pomme scintillante
bleu comme ciel sans nuages
indigo comme aubergine fraîche
violet comme cristal brillant
C'est l'espoir pour tout le monde.

Kegan Jackson Y8

Rouge comme une fraise sucrée
Orange comme une orange d'agrumes
Jaune comme une banane mûre
Vert comme les arbres les plus hauts de la forêt tropicale
Bleu comme un bleu ciel de jours d'été
Indigo comme un bonbon
Violet comme un raisin juteux
J'aime toutes les couleurs j'espère que vous faites
